

# A Level Results Press Release 2025 - Christ the King College

## Christ the King College Celebrates Superb A Level & BTEC Results

Christ the King College is proud to celebrate the achievements of its Sixth Form students as they receive their A Level and Applied General results today.

This year, 70% of A Level grades were awarded at A\*–C, maintaining the excellent standard achieved in 2024. Students studying BTEC qualifications were rewarded with particularly exceptional results; 73% attaining the top grades of Distinction–Distinction and an outstanding 100% pass rate across these programmes. Student progress also continues to be a strength with some students achieving two grades above their target data.

Some particularly impressive outcomes were seen in Physics where 60% of grades awarded were A\*–A. Mathematics candidates achieved an impressive 57.1% at the same high standard (A\*–A). Students in Classics, Fine Art, and Physics secured 100% A\*–C grades. In Applied General qualifications, every student in Health and Social Care attained top marks, with 100% achieving Distinction\*–Distinction.

Christ the King Sixth Form students will now progress to a wide range of exciting next steps, including higher education, apprenticeships, and employment. 83% of University applicants achieved a place at one of their chosen Universities. 40% of these to Russell Group Universities. 33% of students are moving in alternative directions, for example, two students have been recruited to Camp America, one into the Navy, several with apprenticeships in a range of professions from nursing, to engineering, to travel.

[Quote from the Head of Sixth Form, Hayley Conway-Hughes]

"I want to congratulate our students on the incredible results they have achieved this year. These outcomes are the result of their determination, resilience, and dedication, supported every step of the way by our committed teaching and support staff. It has been a joy to see our students grow in confidence, seize opportunities and now progress on to exciting futures. The final grades are naturally worthy of celebration, but our students have achieved significantly more in their time with us. They've danced, and played musical instruments, performed in shows, participated in sports, completed their DofE award, entered competitions (some to great success). We're forever grateful for their contribution to our school as mentors and student leaders. It's been an absolute pleasure to share this journey with them. We wish them every success in their next chapter, they're leaving us ready! We hope that they'll stay in touch."

[Quote from the Headteacher, Andrew Montrose]

"Today we celebrate not only academic success, but also the remarkable personal development of our young people. 40% of our applicants will be attending Russell Group universities, it's incredible. These results reflect the caring and inspiring environment we foster here at Christ the King College, where every student is encouraged to fulfil their potential. I extend my heartfelt congratulations to our students, their families, and our staff

for the commitment and teamwork that made today possible. We send our leavers into the world as confident, capable and compassionate individuals we are immensely proud of. These amazing young people have been, and will continue to be, incredible ambassadors for Christ the King and our values, and indeed the whole Island community

These results are a testament to the dedication, hard work and resilience shown by both students and staff, and to the supportive learning environment offered by the College.

Congratulations to everybody.
