

MATHEMATICS

KS3

Curriculum Purpose

Students in Year 8 have six lessons a fortnight. In Year 8, the students build on their knowledge from Year 7 and new topics are introduced. Students will be encouraged to problem solve and explore real life scenarios incorporating spiritual, cultural, moral and social aspects where applicable throughout the curriculum. Age related expectation is used to measure students' progress in Year 8.

YR8

Curriculum Topics

- Ratio and Scale
- Multiplicative Change
- Multiplying and Dividing Fractions
- Working in the Cartesian Plane
- Representing Data
- Tables and Probability
