

Welcome to our home - Jude Tomlinson

*Welcome to our home,
Christ the King is safe.
Here you are not alone,
You're welcomed in this place.*

*Here in our community,
You should not be ashamed.
With lots of opportunities,
And friends to be made.*

*I hope you know you're special, as you're coming to our school.
You help expand diversity, culture, and our knowledge pool.
The things that you are proud of, we can be proud of too.
In our school, you'll find a place where all your hopes renew.*

*Our school, a safe haven, warm and bright,
With faces of laughter and joy and light.
The welcoming words of Jesus, our Lord,
Is Christ the King's message, where we thrive in accord.*

*We cherish every moment, each day anew,
With faith as our guide in all that we do.
In this sacred space, together we grow,
In Christ the King's love, forever we'll know.*

*With hearts open wide, and spirits so free,
We learn and we grow in unity.
Together we journey, with love as our guide,
In Christ the King's care, we stand side by side.*

*Welcome to our home,
Christ the King is safe.
With open arms, you're welcome,
Welcome to this place.*
